BANGOR — MAINE

Dear Mama,

I get your letter this morning.
Glad to hear that everybody there
is ok. — we're not doing any
work this evening for a change
so maybe I'll get caught up
with some of my correspondence.
I haven't answered Alice's and
Bernice's letters yet — I'm glad I
sent them the money — I should
send more because I don't need
hardly any for my own use —
I get about 120 a month but
don't know where it all goes.

If Bernice is going to school this year I guess she could use some money - It may be kind of hard to send it back to the States - I would make an allotment but my records are already gone on ahead. I may be able to have one made tho after I get there.

Did Dad get my letter before he went back to work? I think I mailed it Friday. I wrote to Bill yesterday - Sure glad he made Corporal. I knew he would go up pretty fast. He wouldn't have any trouble getting a Commission if he wanted to go to school for it.

I suppose Russell is anxious to get into the Service but I don't see any sense in his enlisting - They will probably get him soon enough.

Guess I'll close and try to ans. some more letters.

Love - Your Son
John
