

Saturday evening

ARMY AIR BASE  
DOW FIELD  
BANGOR - MAINE

Dear Alice and Bennie,

Sorry I didn't answer your letter sooner - I just finished writing to Mama and can't think of much to say except what I already told her. - I am guarding our airplane to-nite - we have to keep one of the crew with the ship at all times - The base also furnishes a guard for every airplane so there's not much danger from saboteurs -

Bennie I think you told me about David Quinn flying around over Lansing - I bet he was having the time of his life - That reminds

me of some of our trips - Our Co-  
pilot lives in Cleveland and when  
we made a flight down there  
he flew over his home real low.  
The Chickens all left the place  
I think. I saw a whole flock  
flying over a fence - His folks  
were out in the yard waving  
at him. Sure wish we could have  
made a flight to Tenn. If we flew  
our B-17 over Lansing the people  
would all think the Japs were  
making a raid. Our planes are  
nearly 100 feet long and have a  
wing span more than 100 feet.

Well its about to get dark so  
will close. - Suppose you will  
be starting to school before long.  
Write often and let me know  
how things are going - If you  
need some money anytime I'll  
be glad to send it.

Lots of Love  
Your bro, John
