APO 634, c/o Postmaster, NY 6
Dec. 12, 1942.

Dear Dorothy,

I think it's been several weeks since I got your last letter and sorry I haven't answered sooner. I am getting along about the same as usual. Haven't been doing much but have been travelling around quite a bit. - I've been getting lots of packages and letters from home - Jewel bought me a subs. to Reader's Digest and I just received the first issue.

Are you going home Christmas? I don't suppose it will be the same with so many of us away. I think we will all be home for Christmas in 1943. (I hope) - Might be two more years.

Well, there's not much going on around here, at least nothing that I can write about. Hope you are all getting along ok - I don't have your Washington address so am sending this home - Tell everybody hello and Merry Christmas - Love to all,
John
