

England

Nov. 5, 1944

Dear Mama,

Received your letter and package today -
Sorry I have waited so long to write. I
started several letters but never got to
finish them.

Well I guess Bill is glad to be home
for a few days - Wish I could be there
too but expect it will be a long time yet.

I was disappointed in not getting
to see Willie - He sure didn't stay
very long in England.

I went to Edinburgh last month
on a seven day furlough. Had a pretty
good time. The weather wasn't very

good for sight-seeing but I managed
to visit a few interesting places. Glad
Alice got the health I sent.

I got an interesting letter from
Arnetta Quinn a few days ago. She told
me about the flood around there - and that
David and Coile were over here somewhere.

Well there not much news
here - will try to write more next
time - Hope everybody is Ok -

Love to all

John
