Dear Dorothy,

I am not positive but I think I will be home Sat. and Sunday 6th + 7th.

I changed shifts the other day and I think my off days are being changed too.

We moved in the new Caf. yesterday - it seats about five hundred or more.

Counting all the shifts there are 74 people working in the cafeteria. quite a few isn't it? I wish you could see the kitchen - electric dishwasher and all kind of electric mixers.

It's about time to go to work so I had better close.

Your Brother,

Russell

P.S. If you write home before Sat. tell them I got the trunk Dad sent me O.K. I wrote mama but forgot to mention it.
