Dear Jewell,

I will try to get this in the mail tomorrow. I didn't mail Mama's letter for two or three days after I wrote it.

I guess the reason the battery went dead ^{the 1st. time} was either dry battery or not running the car enough — the second time was due to inefficient charging. A battery can't be charged right in 45 min.

I knew that Arthur Williams was here somewhere. I haven't had time to look him up.

If you will send me his complete address I could find him with no trouble.

FORT OGLETHORPE, GEORGIA

Be sure and send me John's address if it has been changed. Also Dorothy's.

Tell Bernice she is lucky to get one day off for Thanksgiving. I suppose it will be just another day here — except for the turkey.

Also tell her to write me.

Tell everyone hello for me and that I am sorry I don't have time to write everyone I promised. Maybe I'll get around sometime.

I am acting section sergeant now — still a private's pay — hi!

A section consists of one half of a platoon. So I have a pretty "big" job for a "rookie".

It's after 10 PM — I had better close. Write soon

P.S. I loaned my pen and it hasn't been returned. So excuse the pencil. Your Bro.
