Dear Mama & All,

It is almost dark so I don't have time to write much.

I am in the maneuvers area - near Lebanon. We came in here this morning about 5 A.M.

The country around here is similar to that around Knoxville. There may be a few more hills here.

I don't expect to be here very long. Should get my call any time.

We are having a little rain here. I have my "pup" tent pitched.

I got the income tax notice. Soldiers do have to pay income tax. I could get out of paying it until after the war but I don't see any advantage in that.

Hope this finds everyone well.

Love to all

Russell
