Dear Dorothy,

I am sure you had a nice visit at home. The only trouble being you couldn't stay long enough. It is nice to be as close home as you are. I can't kick too. I am much closer home than Bill or John. Do you hear from them often? I haven't for some time.

I may leave here next week. Hope I go to some school in the East.

I have been planning on going to St. Louis to see a major league baseball game. Today's game is the last for the season I think. The World Series is to be played here about the 15<sup>th</sup>. I don't expect to be here at that time. ~~I hope~~ Joe Louis is to appear here at J.B. Tne. of this week. I hope to see him.

- over -

I don't have much paper - so will have to use the back.

Mama wrote that Bill was going to try for the Air Corp. He should make it O.K. if his C.O. will turn him loose.

I took what I understood to be a classification test yesterday. Am not sure of the purpose of the of it. Don't know what I made but I didn't do so hot. I hope it doesn't wash me out.

It seems that all trainee cadets here full K.P. My name is on the list for tomorrow. Have to get up at 2 A.M. Let off about 8 P.M. I think.

I must write some more letters while I have time. Hope you are well.

Love,

Russell
