Dear Mama,

The boys are raising such a fuss I can't write. The main reason for this letter is that I want you to send me my tennis racket and - now you will laugh - a pair of supporters. They say a cadet doesn't have floppy socks - No! So we ~~are~~ are required to wear them.

The pressure is being put on us here now. Sometime when I have more time I will give you a few of the rules and regulations.

One of the new rules is that we have to make all changes in direction (here in the sqdr. area) in a military manner - Such as right & left flank, if you know what that is. For example I will draw the path I have to follow in going from the barracks to the supply.

- We have to make all corners square.

About the tennis racket. Send the
best one you can find. You might
include one or two balls if you can
find them and if they are still good.

Time for lights out.

Love to all

P.S. Am enclosing \$10.
