

18 Aug. 44

Dear Dorothy,

Don't believe I have written you since getting back here. I just happened to think after starting this letter that I don't have your new address. Will have to send this to your old one. I suppose if Alice had a very nice visit with you. How long did she stay?

If you will let me know how much the bill is for the watch repair I will send it to you. Sure will be glad to get the watch. Although I have been without it so long am about to get used to it.

I have just filled out a card requesting an absentee ballot. Are you voting that way or are you going home for election? Anyway be sure to vote. By regulation I can't campaign—

But I didn't say anything about who
to vote for. Hi.

I have several letters to write so
will close. Write soon.

Love,

Your Bea-

Russell
