

UNIVERSITY OF ARKANSAS

10 Sept. 44

Dear Dorothy,

Excuse this old stationery.

Thought I had better use it as paper is scarce & so is money etc.

Wish I could have gone to the opera with you and Alice. I had a three day pass a few weeks ago. Went to Dallas with a buddy, ~~and~~ saw two ~~operettas~~ ^(?) operettas "Hit the Deck" and "The Desert Song". The last one was best having more music.

I suppose Dad is trying to find something in which to pack the radio. They are very easily broken in shipment. Maybe that is why he hasn't sent it yet.

I made the train that night O.K.
Even had a seat.

We are still in technical training here. Have been going to various classes & having practical work at trouble shooting. Next Thursday we will go on the assembly line. We are on a swing shift. The first shift will begin about 2000 I think.

I don't have any idea what the watch repair will cost. Let me know and I will send it. I am pretty sure of being here another month or two. so ~~not~~ don't worry about that.

You might send me your phone number. I might have occasion to call you sometime. I wish the folks at home had a phone.

Write soon,

Love,
Russell
