

UNITED STATES ARMY

13 Dec. 44

Dear Mama,

I left Nashville Monday afternoon as Jewell may have told you. Arrived here early Tuesday afternoon. Didn't need to get here that soon but had rather be early than late.

I had a nice visit with Jewell. Ate two meals with her at Scarritt and met a lot of her girl friends. Wish I could be stationed near there - Hi!

My cold bothered me some in Nashville but is much better now. This weather here must agree with me. There was no snow south of Little Rock, I think it snowed a little here but didn't lay. I was surprised to notice that the trees here still have an autumn color.

UNITED STATES ARMY

Everything here is about the same. Am not too busy. Had a letter today from one of my C.T.D. buddies. He had completed his flying in Primary and was ready to take the next course (Basic) - got into a "scrape" in town and washed out. He asked me to write him and tell him what I thought of him. He's taking it better than I could I guess.

Have you heard from Bill?
I haven't.

Hope that blowout didn't ruin that tube. Suppose it did tho.

P.S. If you write Dot Love to all
som - tell her I bowled Russell
155 and 143 yesterday afternoon.
