Dear Dorothy,

Received your letter today.
Glad you got the "dough" O.K. I was
afraid you might not because
of the way I sent it.

So the jewellers finally
delivered my watch - I hope
Bernice is satisfied with it.
The watch I have of hers keeps
very good time.

I knew I shouldn't have
had that picture made in Cincy.
If you remember I tried to get
out of having it made.

So you may have to move to
New York. Since Cincy is so
much closer home I'm sure you
wouldn't like that. Hope you don't
have to go.

I don't have too much time on
my hands, but there is plenty of time
to write. That weather you write about
sounds rough. We have very nice weather here.
Write soon, Russell
