Dear Dorothy,

I am charge of quarters to-night - which gives me plenty of time for writing. I believe you owe me a letter. Can't remember just when you last wrote. I haven't been getting many letters - guess I should write more.

I have a pass tomorrow, supposed to be for 24 hrs but because of curfew and no place to stay overnight, I will be in early.

I have borrowed a camera for tomorrow.

Now if I can get film I'll send a few snapshots home. I wonder if you could find a camera for me - about \$30 or so. If your office moves to N.Y. you might pick up a used one if you can't find anything else.

I will send a M.O. the first of next month in hopes you find me.

Bill & John haven't written me since I left the states. I didn't used to write them so often - guess I'm being repaid now.

I am sending a few post card pictures. For your info. the girls (the few there are) don't to wear grass skirts for street dress. It is a dance costume as you probably know. The picture of Honolulu ~~from~~ taken from Aloha Tower makes the city appear much nicer than it does from the street. Of course that holds true for most any city.

It is time to sign off -

Love
Your Brother,
Russell
