

Ward B-10
Sta. Hosp.
22 March 46

Dear Dorothy,

Received your letter today -
thought I might as well answer
it while I'm in the mood for
writing. Your suggestion to write
Jewell reminded me that I promised
her a letter via phone. She had
called me the day I left Quincy.
She left word for me to call back
which I did as soon as I got
off the bus in Warburg. So I have
just finished a letter to her.

Joan wrote me about the move
to Washington - mostly about how
much she wants to go. She's really
on her head to go - guess you
know all about that.

I had my operation on the 11th.
I got up on the sixth day & this
is the eleventh - so I'm getting
along pretty good now - still
confined to the ward. I should
get out in two more weeks if
nothing else happens to me.

I'm sorry we didn't get out
to the fellowship meeting or
whatever you have on Sunday night.
Maybe I can come up again
sometime.

Mr. & Mrs. Stovall ~~was~~ were here
to see me a few minutes ago.
I can't think of her first name.
They have a very cute little girl.
I think I'll stop & see them on my
way home - they live 20 mi out of Little Rock.
It was nice of them to come this far
to visit me. Love, Russell
