Dear Mama -

I got orders late this afternoon to be ready to leave here in the morning at 7 - I am trying to notify everybody so they won't write me ~~or~~ hear.

I was called along with another fellow who asked for the Air Corps, and some who had asked for engineering and mechanical ^{work}. The prospects look good - there were only 7 of us. I hope they send me to Fla.

If you have already written, the letter will be forwarded.

I have some preparations to make besides writing Dorothy and Bernice, so will close and write as soon as I am "put".

Hope everybody OK.

P.S. - I just listened to a concert by the 6th Cavalry Band. The one Russell used to talk about.

Love,
Bill.
