Dear Dad—

Very glad to hear from you—at least I know now how old you are and the date of your birth, tho I didn't ask you.

I enjoyed reading the report on repairs made to the car and the wagon. You must be planning on some more farming. I'd say a productive farm would be rather nice back there now, with so much foodstuff rationed.

How's the new agent doing? Somebody told me you lost your pal "Wisenhunt" (as Alice spelled it) and was breaking in another "operator."

I have no doubt your opinion on the war is sound. Be-

cause I know you follow it pretty closely.

No news I can send of course. Only that I'm well and have plenty to do. When I'm off duty I play table tennis, go to movies, or read. I haven't weighed lately but think I'm over 160 - that's too much too

Be careful, and write me again.

Love,  
Bill
