

March 18/42

Dear Mama -

Are you sure you're writing to everybody? You've been so good to write me lately. I wonder where you find so much time. But that suits me fine, so keep writing. I only wish I had a lot of things to write about so my letters would be worth reading.

I have mailed you a permit so you can send me the package - so I'll be looking for it.

I guess I know more about Jewell's illness than you think. I get scraps of infor-

mation from several sources.
None, however, seem to be so
terribly worried, so I won't
worry either. Let me know
how she gets along though.

I got several letters today,
including one from Dorothy -
guess I'll close and try to
answer some of them, - and pro-
mise to write again real soon.

Love to all,
Bill
