Dear Mama -

I got your letter and the nice birthday card - thank you. Do you know my age now?

I think I told you already about being on special duty with the finance office. I'm quartered about a mile or so away from my own company - eating with another outfit too. But today I've been in the company - visiting my buddies - because today was my day off. I took a nice long walk, stopped in the PX and bought this paper - saw a movie in the "Piccard" theater - "In our Time" - It was about an English secretary who married a Polish Count - had her troubles adjusting her life with an aristocratic family. The story led up to the German invasion of Poland and the siege of ~~the~~ Warsaw. Pretty good.

I just wrote to Alice a few days ago - I think. Anyway, you'll be hearing from me again soon - this isn't an answer to your letter. Love,
Bill
