

1944

331ST ENGINEER GENERAL SERVICE REGIMENT

ACTIVATED 22 APRIL 1942

MESSAGE FROM THE COMMANDING OFFICER:-

The sharing of adverse conditions during the past two years operations has served to promote a feeling of confidence and loyalty among the Officers and men of this Regiment.

On the Second Anniversary of Activation, the 331st Engineer General Service Regiment has emerged confident in the knowledge of its capabilities and with justifiable pride in the considerable list of accomplishments to its credit. These accomplishments are the result of energetic and conscientious endeavor and efficient and understanding leadership.

With the continuation of productive activity and with the knowledge gained by past experiences, there is no doubt of the progress which the Regiment will make throughout the coming year.

Coffee

Any task assigned to us,
At home or overseas,
We do our best and then move on
For our work can never cease.

We roam this land day after day,
For the enemy we hold but jeers,
With modest pride we claim to be
A part of the Corps of Engineers.
