

Headquarters and Service Company
Const Battalion
331st Engineer (GS) Regiment
A. P. O. 980

12 January 1945

Dear Mom -

If you could see these guys clowning around here, you'd think they were all crazy. The biggest clown of all is another guy from Jimmy Shartzers' home town. His name is James, too - but I call him Jim - so they'll know who I'm talking to. They've all got their helmets on and holding their rifles - posing for a picture. An inside time shot.

The main purpose of this letter was, of course, to send you the money order. If you'll take care of the interest - I'll send some more next month.

Hope all are well and happy. I'm doing OK - we're in a new area now. I didn't like it much the first few days but getting oriented now. Love,
Bill
