Dear Mom -

Here are some more pictures for you to worry with.

I might add that I moved over to Company A this afternoon. Was supposed to move this morning but didn't. I'll drop you a note from day to day - this is one time I can tell you that I'm about to take a trip - by boat again of course. There'll be a short silence - 5 days or so while I journey. Will write you soon after I debark.

Johnny is slow getting home - he must be travelling by water too. Or maybe he'll fly when he leaves the rest camp.

Oh, I went to church tonight for a change. Program enclosed.

Love to all
Bill

P.S. - PX hasn't had any envelopes for weeks and weeks - hence the Red Cross.
