

"WITH THE COLORS"

Jacksonville Fla. April 28-1918
Dear Brother Sister & Boys:-

I wonder what you
are doing this fine Sunday morning?
I would like to take dinner with
you today. I haven't much of any-
thing to do today so will write this
morning go out for a walk this
afternoon and to church to night.
I am glad that you are doing
such good business and hope
that you continue. I hope that
they all will get their account
all paid up so that you wont
have any back. I had a dream
the other night thought that I
was working in the store and
a woman came in a bought some

stuff paid for it and then wanted
me to send it down forget what
you got delivery now.

Well there was three of us
each had a picture made
last Sunday so am sending
you one. it isn't the best but
that don't make any difference.
The fellow sitting down marks
meth me Jessie Grace from
Essex Mass and the
other fellow Will Brudley from
Dora they are both married
with family and one is 38
years old the other 42 years.
We have some pretty good time
and again we have something
besides a good time but I
always try to make the best of
it.

"WITH THE COLORS"

How long do you think it will
be before you can get across
the bridge with your car.
I hope that you can go up here
real often for I guess that they
are rather lonely most of the
time. I get The Morgan Co
press each week and in that
way I get a little news from
Morgan Co. I am glad that the
people are awake in the county
for there is so many people that
are still asleep and doing
nothing. I intended buying a
bond this time and they took
my name down but never have
been around for me to sign up
for it yet so I guess that I won't
get one now so will finish filling
out my stamp book and then
perhaps I can buy a bond

from some one that wants to
sell and in that way I can
keep straight with the world.
The way things look now they
will likely make several men
doans before this thing is ended
do you know what Henry Stiers
is in? I wonder if he got any
thing before he left. There is
so many agents & Corple down
here you dont see many of
~~them~~ ~~minut~~ here at times,
James was out here the day
that he left Jacksonville and
said that he would write me
as soon as he got to Seaside
but hasn't heard from him yet.
Suppose that I will soon. The
copy that you sent was good
but it was all in one piece
it is so hot that it all went
together, I dont know of anything
that I really need now but
before I go over if I go I want
to get Amanda to make me

"WITH THE COLORS"

two shirts will write later and
tell her what kind for there
is lots of time for I haven't
any prospects of going yet.
I see so many boys getting such
expensive things through the mail
and so much that they don't
use or have any use for at this
it would be better if there folks
would spend some of that money
for stamps or bonds. You asked
me how many was in the tent
with me, I haven't been in the
tents for some time. I am
now in a barracks in the same
room with me is 36 boys of
course I have some special
friends as we all have them.
Write and tell me all the news,
what is Fannie Lane going now?
supper she will live with the

old folks now. I don't believe
in a fellow getting married now
when he expect to have to go
at any time. I think there will
be plenty of time to get married
after the war is over.

Give the boys a kiss for me
Sincerely,
Peter.
