Dear Sister & Family :-

I don't write to you people very often but I always think of you. I suppose that you hear from me often through Mother I write her ever week but I guess there is lots of my letters that never reach her. I haven't got but very little mail for the last three months but I guess I am lucky to get as much as I do. Some of the boys don't get any. I suppose you had a big time Xmas.

Xmas Morning there was a good snow on the ground

- 2 -

And we have had snow
ever since it ~~begins~~ snows
a little ever day or two
but isn't very cold.

I have got along fine this
winter so far have only
had one bad cold but was
able to work all the time.

I wrote you some time
ago and told you about our
trip up here suppose you
have gotten it before now.
We have been in this town
longer than any other
place since we have been
on this side of the pond.
I am getting tired of it
and want to move again.
It looks now as though
we might move the last
of this month but don't
know for sure yet.

What is Millie doing now?
I am glad that he didn't
join the Army for he is
better off at home as young
as he is.

I suppose there is some of
the boys getting back home
from over here now.

I hear of lots of them leaving
ever few days but I guess
~~that~~ we will be here for a
while yet. Will ring off hoping
this finds all well at home
as it leaves me.

Sincerely,

No 779864 Walter Patching.
